Re: Proposition 12 funding distribution

Dear Chairman Bosco and members of the Board,

The parks and preserves in the South Coast Wilderness are part of the Seventieth Assembly District of which I am proud to represent. I have toured Laguna Coast Wilderness Park, one of the parks within the regional park system, and found it a remarkable resource for Orange County and California. Through the efforts of Laguna Canyon Foundation you will be considering a funding request to acquire the Decker/Bossard property for parkland. The acquisition funding is from the March 2000 park bond, Proposition 12, which allocated funds to undertake projects for the South Coast Wilderness system of coastal canyons and watersheds in south Orange County.

I support this acquisition and ask that you approve the funding for the Decker/Bossard property for parkland. Thank you for considering my request.

All the Best,

CHUCK DEVORE
Assemblyman, Seventieth District

Re: Support for Proposition 12 funding distribution to Laguna Canyon Foundation

Dear Chairman Bosco and members of the Board,

Laguna Greenbelt, Inc., is a grassroots non-profit in Laguna Beach, California, that has promoted the preservation and acquisition of Orange County open space for the benefit of the public since 1967. Our primary focus has always been preservation of a greenbelt of about a dozen coastal canyons in the area around the city of Laguna Beach. Our volunteers help with access and habitat restoration in the parks and preserves within that greenbelt, now totalling 17,000 acres.

Laguna Greenbelt, Inc., is represented on Laguna Canyon Foundation's board of directors. We support the use of the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000, which allocates specific funding for projects in this particular area of coastal south Orange County.

Laguna Canyon Foundation has submitted a funding request to the Coastal Conservancy for the acquisition of the Decker/Bossard property for parkland. We support this acquisition and ask that you approve the funding for the Decker/Bossard property for public access and habitat protection. Thank you for considering our request.

Sincerely,

Elisabeth M. Brown, Ph.D
